Measurement uncertainty estimates were agreed upon by all parties during review of requests, tenders, and contract procedure, and are available upon request. The decision rule was not applied to the given pass/fail tolerance limits that are specified by OCM CTA policies. This report shall not be reproduced except in full, without the written consent of TNA. The results relate solely to the item(s) tested as received and are valid only under the conditions in which the testing was performed. No conclusions should be drawn regarding any other items, lots, or conditions not specifically included in this report. This Certificate shall not be reproduced except in full, without the written approval of TNA. TNA did not perform the sampling for the items tested; Customers are fully responsible for adhering to CTA Sampling requirements. Not all potential/existing hazards were tested.
